The Board met in Session at 1 o'clock on above date with all members present.

As per advertisements in County Papers - bids were presented for printing ballots for the Presidential Primary Election to be held April 25th 1916.

The only bid placed with the Board was that of the Journal Publishing Company which was as follows: For Presidential Preference ballots \$4²⁵ -

For Delegate Ballots \$5²⁵. This bid being considered reasonable in price and accompanied by a Bond as required by law was accepted on motion by Dr Hoopes, seconded by J M Lentz, and carried by the unanimous "aye" vote of the Board. There was no further business so adjournment was effected on motion by M Amrine, seconded by Merritt Lentz and carried unanimously.

Attest Carrose A White Clerk

EC Cody - Chief.

The first part of the paper is devoted to a general discussion of the problem. It is shown that the problem is equivalent to a problem in the theory of differential equations. The second part of the paper is devoted to a detailed study of the problem. It is shown that the problem is solvable in closed form. The third part of the paper is devoted to a study of the properties of the solutions. It is shown that the solutions are unique and stable. The fourth part of the paper is devoted to a study of the asymptotic behavior of the solutions. It is shown that the solutions approach a steady state as time goes to infinity.

The author wishes to thank the following persons for their helpful discussions:

The Board met this date in adjourned session with Chief Galloway Monroe Ansonie and W M Otto present. The candidates all being present. The following resolutions were read to them by W M Otto

(Persons wishing to become candidates for office are supposed to know the law. The Board of Deputy State Supervisors of Elections is under no obligation to furnish any blanks or legal advice to any one wishing to become a candidate. The Board finds after careful investigation that it has the power to decide all questions such as have come up in this instance. The decision of the Board is final. The Board has gone over all the papers filed by candidates, and finds, that there is not a single paper filed which fully complies with the law. Further - the petitions filed are also found to be irregular and not in conformity with the legal requirements. Under these circumstances two courses of action remain open to the Board, either it may throw out the petitions of all candidates or it may receive all of them.

The Board has come to the following decision, all candidates who will immediately fill out the proper blank and comply with all legal requirements may have their name placed upon the ballot. In justice, in fairness, to all the Board can make no other disposition of the matter.)
The proper blanks being given out the Board gave them until midnight of June 26th to file same. There being no further business before the meeting the Board adjourned.
