Form No. 1097

Held Commissioners Room in Union County Court House August 29th 1969

The Union County Budget Commission held a series of budget hearings with the Villages, Schools and Health Department.

The following members of the commission were present : Prosecuting Attorney Richard Parrott and Auditor Warren G. Sutton - Treasurer Willard Clevenger was ill.

The Village of Richwood was scheduled to appear before the board at 9:00 A.M. but they did not come.

Mrs. Frances Fegley, Clerk of Magnetic Springs came into the room at 9:30 A.M. and after going over their anticipated receipts we (the board) suggested that they should watch their funds and at any time that they can, they should be idle funds on interest even for short times.

Mr. E. L. Alexander, finance director for the Village of Marysville came in at 10:00 AM., the same suggestion was made to him. Marysville due to the income tax has ample funds to finance their needs.

Mr. Ronald Hilbert, Clerk-Treasurer for Unionville Center was next at 10:30 AM They are in the unfortunate plight of needing everything that they can get to adequately finance even the smallest expenditures. The dump situation was discussed but until we hear from the townships nothing can be done.

Mr. Lowell Picklesimer, Clerk of Milford Center came in at 11:00 AM and they did not seem to have any particular problems. We discussed placing funds on interest for short terms. This could be a source of funds that could be used for necessary expenses.

Dr. Lloyd P. May, Sec'y of the Union County Health Board came in last before the noon break and if they are careful they will be able to get by on their receipts.

Break for Noon.

At 1:00 P.M. the Fairbanks School Board represented by Mrs. Barbara Dimond, Clerk and Mr. Galen Smith Kyre, Superintendent were seated and the finances and millage of the school were discussed. After hearing of the new value that had been placed on the tangible tax list it was agreed that they would ask for 2.00 mills on the November ballot.

At 1:30 P.M. the Marysville School Board represented by Mr. Frank C. Derby, Clerk and Mr. Leroy Williams, Superintendent came in and the same problems were talked about. Millages were discussed and Marysville is going to ask for an operating levy in November.

North Union School Board were the last for the day and were represented by Mr. Maynard McCloud, Clerk and Mr. Richard Fetter, Superintendent.

They have grave problems and if the levys do not pass that will be voted on in November no one could hazard a guess as to the procedure that will have to follow.

RECORD OF PROCEEDINGS

Minutes of Union County Budget Commission

Meeting

COLUMBUS BLANK BOOK CO., COL., O.

Form No. 1097

Held in the Union County Commissioners Room August 27th 1970.

The Union County Budget Commission held its regular annual budget hearings with the various townships on August 27th, 1970.

The following members were present for the hearings; Treasurer Kathryn Clevenger, Prosecutor Richard Parrott and Auditor Warren G. Sutton.

Also, in attendance, was the examiner for the State Auditor's office Mr. Edward Gillett who explained to each of the townships as they appeared for their hearings the new law that had just gone into effect, that it was imperative that they now keep records of each of their employees so that in the future should they get employment in another government branch it would establish their seniority.

Allen Township was the first in attendance and were represented by the three trustees and their clerk. The matter of their fire-truck was discussed and they were advised to ask for an advance on their August settlement and pay off the note out of the General Fund and then replace this money out of the October settlement.

Claibourne Township was the next in attendance and they also had all four of their group present.

It was decided to place their millage for the Road Fund in the General Fund thus eliminating the Road Fund.

Mr. Parrott asked the Trustees to place a bid on the Waterman acreage for their cemetery expansion.

Darby Township was next and they were represented by their clerk and two of their trustees. Their budget was discussed in general but they seemed to be okay.

Dover township were represented by their four members. The main item discussed was the possible purchase of ground for their cemetery. Also, discussed was the repairs to their township house which had been damaged in an auto accident.

Jackson Township was the ^{NEXT} to report and they were represented by the clerk and two of the trustees. Liability insurance was a point of discussion and also their cemetery was discussed.

Jerome Township came in and were represented by three trustees. About the only discussion on their budget was their fire contract. It was generally agreed that they could only go along with what-ever Plain City decided to do about their rates.

Millcreek Township was the last to appear before the noon break. Their three trustees were in attendance. Their clerk did not show. Their financial picture was in a very healthy condition and it was decided that they would reduce their millage inside the ten mill limitation by .40 mills.

They are to give the Auditor a resolution to this effect after their next meeting.

Noon break.

Leesburg Township was the first to appear after the noon break. They had three in attendance and about the only thing of importance discussed was their cemetery and the price of their lots and the charge for their graves.

Liberty Township was represented by their clerk Mr. Gene Smallwood and two of their trustees. Their cemetery was discussed as to the price of the lots and the charges for the opening and closing of the graves. In view of the fact that their balances were declining it was suggested by Mr. Gillett that their accounts should be looked at carefully. If the decline was because of some special charge that was one thing but if not then some thought of placing the issue before the electorate should be given.

Paris township was represented by their clerk and one trustee (Louis Lee). They were notified that they must close their dump. It was decided to drop .50 mills from the tax duplicate. Resolution must be given the Auditor's office.

Taylor township had three in attendance for their hearing. Their budget was discussed in general and in their case also they were advised that the millage for the Road Fund should and would be moved up to the General Fund.

Union Township was the last for the August 27th meetings and they had three in attendance. Their fire fund came in for discussion and they were advised that they could purchase the TRUCK CHASSIS & CAB ~~XXXXXXXXXXXXXXXXXXXX~~ from their gasoline fund. The balance, however, must be paid out of the Fire Fund. This concluded the first day of hearings,

The Union County Budget Commission held its second day of annual budget hearings with the balance of the townships, municipalities and school boards. They agreed that they would present a resolution to that effect. York Township presented themselves and had all four members in attendance. Their .40 mills for the road fund will be moved to the General Fund thus eliminating their Road Fund. They were advised by Mr. Gillett that their old stone bills, appropriations and miscellaneous papers could be destroyed ~~and~~ ~~be~~ ~~sent~~ ~~back~~ to the last two audits.

The village of Richwood did not come to the meeting. Mrs. Fegley brought her budget to the meeting and she was advised that it would be mailed to her after it was checked. She is the clerk for Magnetic Springs, Ohio.

Mr. Paul Willeke and Mr. Brubaker were present for the Marysville Corporation. Their budget was left as it was filled out.

Mr. Ronald Hilbert, Clerk for Unionville Center, presented his budget and was advised that it would be mailed back after it was filled out.

* Mr. Maynard McCloud and Jesse Conrad represented themselves for the North-Union School District after the noon luncheon break.

It was decided that they would ask for a reduction on their bond millage for next year. The budget commission reduced the bond millage to 7.80 mills because of the .03 expiration.

Mrs. Barbara Dimond and Mr. Galen Kyre represented the Fairbanks School District and after discussion on their bond millage it was decided to reduce their millage by one mill (1.00) if the board should decide unanimously to do so by resolution to the budget commission.

Mr. Frank Derby and Mr. LeRoy Williams were present for the Marysville Exempted School District and after much discussion it was decided that they also would reduce the millage in the bond fund. This of course would have to be passed unanimously by the board in session and a copy of the same given to the auditor's office. The proposed reduction would be a mill.

COLUMBUS BLANK BOOK CO., COL., O.

Form No. 1097

Held September 7th 19 72

The Union County Budget Commission held its meeting September 7th, 1972 for hearings on the Township, Municipalities and Schools.

The first Township (Taylor) scheduled to appear was Taylor and in attendance was the three trustees and the clerk. Mr. James Pierce (State Examiner) was in attendance for all sessions and gave budget help to all that requested it. Taylor Township Budget was accepted by all board members.

The next township (Allen) was present and all four members of the Board sat in on the meeting. They have no particular problems and again several things were discussed and the Budget Commission accepted their budget as presented.

Claibourne Township was the next scheduled Board of Trustees and they were represented by the three Trustees and the Clerk. Their budget was discussed at some length and they felt that they must submit a levy for the consideration of the voters on the November ballot. The Budget Commission accepted their budget as presented.

The next township (Darby) scheduled for appearance was present on time and were represented by the three trustees. Their budget came under special attention because of the fact that they are showing a steady drop in finances. The Budget Commission tried to explain that they must watch their expenditures since the rate of depletion of finances is showing such a drastic drop in these two years. The Commission accepted their budget after the above discussion.

Dover Township was the next scheduled township and they presented a very good budget. Their finances seem to be holding very steady and they do not seem to have any particular problems. The discussion of POLICE PROTECTION was brought up. They were concerned because of the Trailer Court and the new subdivisions that are in Dover Township. It was agreed that this should be looked at carefully and periodically in the future. Their budget was accepted.

The Marysville Exempted Village School District was the next scheduled hearing but because the Clerk could not be found they were rescheduled for 3:30 P. M. the Budget Commission recessed until 1:00 P. M. for lunch.

At 1:00 P. M. hearings resumed and Jackson Township was present on time with all four members present. Their budget was discussed at some length because of the apparent drop in finances that was going to show itself in 1973. After discussing their budget it was accepted.

The next scheduled Township was Jerome and they were represented by the three trustees. They seem to be in a very healthy condition financially and after looking over their budget it was suggested that they reduce their fire millage by 0.20 mills. This would make it 0.60 mills. Their budget was accepted.

Leesburg Township appeared as scheduled at 2:00 P. M. with the three trustees in attendance. Their budget was looked at in detail and though their finances seem to be dropping some it was explained that this was because of the desire to get their fire equipment paid for. Other than this their budget was accepted.

The next township (Millcreek) appeared as scheduled 2:30 P. M. and they came in for some criticism since their clerk had presented his budget just the day before. Atty Richard Parrott was all for withholding the Local Govt Funds on account of this. The matter of keeping funds on deposit for interest was discussed at some length. After which their budget was accepted.

The last township scheduled for the day (Paris) was represented by two trustees. The matter of reopening their dump for spring and fall housecleaning was discussed and the keeping of funds deposited for interest was also talked about. They show a very healthy condition financially and seem to have their problems under control. We accepted their budget as presented.

It was now 3:30 P. M. and the Marysville Exempted School presented themselves and their budget was examined. It was found that the levy for the retirement of the East School Bond (\$2,260,000.00) Issue along with interest would have to start at 4.60 mills. It was pointed By Att'y R. Parrott that the .60 for Edgewood should be looked at another year. This issue is due to retire in '75. The Commission accepted their budget.

Meetings were adjourned for the September 7th hearings.

Union County Budget Commission

Meeting

COLUMBUS BLANK BOOK CO., COL., O.

Form No. 1097

Held September 8th 19 72

The Union County Budget Commision reconvened to resume the budget hearings at 9:00 Am.

The first township scheduled to appear was Liberty. They were present and had two trustees in attendance. Their budget was not accepted because it was showing a balance in the red for 1973. Several matters were brought up per- taining to finances. The cost of permits - the cost of opening and closing the graves - the cost of the fire contracts with Taylor and York Townships - and the price of the Cemetery lots. Their budget is to be returned to be turned in again.

Union Township was the next scheduled township and they were represented by the Clerk and the Three Trustees. Their budget was looked at very closely and the matter of keeping their monies on deposit was stressed. They just do not seem to be able build up any finances. The matter of selling their township house and building a new one was discussed. They were advised that if the property did not bring what it should all bids could be rejected. The matter of repairs to their building and certain other costs brought on by the fact that they have a restuarant in the building were discussed also. Their budget was approved.

Washington Township was the next scheduled and they were represented by their clerk, (Mrs. Echo Baker). They presented a very neat and healthy budget and about all the discussion centered around keeping their funds on deposit in order that they might have the interest for their General Fund. Their budget was approved. 0.20 Mill for fire was discussed.

The last township was York. All four members were present. The matter of keep- ing their funds on deposit for interest was stressed and also the matter of trailers placed in the township was discussed. Their budget was accepted. At 11:00 Am. The City of Marysville Came in and their budget as presented was not accepted. They were ^ASked to cut their millage outside from 2.90 mills to 1.90 mills. Further they agreed to let the Budget commission have \$1500.00 from their Local Gov't Funds for other municipalities. Interest acct. questioned. Budget Commission recessed until 1:00 P. M. (Mutual aid was also discussed)

At the afternoon session called for 1:00 P.M, the Village of Richwood did not show.

At i:30 P. M. the village of Magnetic Springs was represented by Mrs. Floyce Pheifer (Clerk-Treasurer). They were informed that we could give them \$500.00 for the local government fund that Marysville had graciously relinquished. It was further discussed that maybe permit charges could be instituted to help their general fund. Their budget was approved.

The Village of Milford Center was the next one scheduled but they didnot show up.

The last of the day for Villages was Unionville Center. Mr. Ron Hilbert was on hand to discuss their problems. They were informed that they could expect \$500.00 to help their Local General Fund. They informed us that they had purchased a New Radar for their police and that it was having a telling effect on the people in the village. The above \$500.00 was from the Marysville City generosity in donating \$1500.00 from their Local Govt Funds. Their budget was approved.

The Fairbanks Local School District were scheduled for 3:00 P. M. and they were present and represented by Mr. Galen Kyre (Supt.) Mrs. Barbara Dimond, Clerk-Treas. ~~MM~~. Mr. Kenneth Stewart (Pres.) and Mr. Thomas Zimmerman (Board member). Their budget was not accepted because it was showing a negative bal- ance for the year 1973. Mr. Kyre asked that the budget commission enter into the minutes the wording that they (the Fairbanks Local School District) have a need for the funds as shown. After further discussion the meeting adjourned at 5:00 P. M.

P. S. The values of the North American Rockwell plant were discussed and it was agreed that these values were not in the 1973 budget figures.

The Richwood (North Union ~~MM~~ Local School District were present but had to leave because of the time taken by the Fairbanks Board.

Form No. 1097

Held December 7th 1972

A meeting of the Budget Commission was held for the purpose of considering the budgets of the Fairbanks Local School District and the City of Marysville.

The meeting was attended by Richard Parrott, prosecuting attorney, Katherine Clevenger, treasurer and Warren G. Sutton, auditor, as the budget commission.

For the Fairbanks Local School District, Mr. Galen Kyre, executive head, Mrs. Barbara Dimond, Clerk-treasurer and Mr. William Brake, school board member.

After some discussion it was decided that the Jerome-Watkins Bond account should be checked close next year in order that the balance would not be over-run.

This bond will run out in 1975.

Since the balance in the bond fund is some \$58,988.94, it was the opinion of the budget commission and the school representatives that we could safely reduce the bond millage by .60 mills.

An amended certificate of revenues was handed the school representatives showing an increase of \$809,394 in Madison County and \$1,807,750 in Union County for a total of \$2,617,144.

In the matter of the City of Marysville, the budget commission took 0.60 mills from the Storm Sewer Bond Fund and 0.90 mills from the outside millage for a reduction of 1.50 mills.

There being no further business to come before the commission at this time the meeting was adjourned.

Dear Budget Commission Members:

In anticipation of the budget hearing for the Fairbanks Board of Education on its 1974 budget, there is certain information that the Board of Education requests the Budget Commission to provide at that hearing. The information is as follows:

Personal Property

1. What was the taxable personal property valuation of the Goodyear Tire and Rubber Company upon which taxes were assessed and collected during 1972? In 1973? *2,980,430* *2,989,470*

2. What is the taxable personal property valuation of the Rockwell Plant upon which taxes were assessed and collected during 1973? *5,950,380*

3. For tax purposes, what classification are the breeding bulls of Select Sires, Inc.? It has been reported that attempts were being made to classify these animals as farm animals, thus avoiding any tax on them. *622,430.*

4. According to our notes made at the budget hearing on the 1973 budget, it was noted that no personal property valuation of Rockwell were included in the \$4,425,652 printed on the budget and used to project revenue. These values were to be added when they became available. Are they available now?

5. The personal property values found on the 1974 budget shows only \$3,681,956. This is \$743,696 less than 1973 without Rockwell. This appears to be a very substantial drop. What reason is there for this much of a drop? Consider that personal property is assessed at 50 percent, this represents a loss of over \$1,487,392 in appraised personal property values. *Farm Loss*

Real Estate

1. What is the 1973 real estate valuation of the following properties, Goodyear, North American Rockwell, Select Sires, Inc.? *Goodyear 559,790* *Rockwell 1,820,190*

2. Goodyear has added an addition to its plant. It appears completed. Has an appraisal been made and when will it be placed on the tax duplicate?

3. At the 1973 budget hearing, it was said that new construction was not included in the real estate values. What was the new construction figure for 1973?

Public Utilities:

1. Are Penn Central Valuations removed for the 1974 budget?
2. The power company installed new towers and lines in Union County and Fairbanks School District. Have these been appraised? When will these valuations go on the duplicate?

1973 Tax Collections:

1. We do not fully understand the reasons for the delay in tax collections and distributions of tax money so far this year. Could you give us an explanation of the kinds of problems you faced so that we can relay them on to others who question why the district is borrowing so much money from the bank?

2. As previously noted, at the 1973 budget hearings it was pointed out that personal property values of Rockwell were excluded, and that new construction values were excluded from the values used to project revenue. By this time, new construction values are known, and soon, if not already known, is the Rockwell valuation. Can the Board of Education assume with accuracy that more money will be collected than was anticipated at that budget hearing?

3. Were there any appeals to the County Board of Revisions or to the State Board of Tax Appeals by taxpayers for a reduction of valuation in 1973? If so, about how much were values reduced?

4. Homestead exemptions reduce the amount of taxes collected. How much taxes are lost due to homestead exemptions in Fairbanks School District?

The Board of Education realizes that these questions may require considerable research on the part of the auditor and treasurer, however, it is very important for the Board to have an understanding of its local tax base. Please refer any questions you may have to the Superintendent, Galen Kyre.

Sincerely yours,

Galen S. Kyre

RE: 1973 Fairbanks School Budget and
1974 Fairbanks School Budget.

Dear Mr. Sutton:

I have just recently received from the Department of Education the State Foundation form, SF-12 which contains the Fairbanks School District tax valuation for 1973. The valuation was \$28,258,970.00 which did not include all of Penn Central's valuation. I checked with the State Department of Education and with the Department of Taxation, Division of County Affairs, Dale Teeters, and both acknowledged that the tax valuation including all of Penn Central is \$28,649,575.00. Mr. Teeters said that included in the tax valuation was \$4,528,925.00 in 1972 personal property, \$4,400,111.00 in Union County and \$128,814.00 in Madison County.

This would leave \$24,110,650.00 in real estate and Public Utilities to be taxed in 1973. Since personal property is listed and taxed currently, I would need to know the current (1973) personal property to estimate the tax duplicate you are collecting in 1973. Together this would update my valuation figures and permit me to reassess my anticipated income for the last half of 1973.

In regard to the 1974 tax budget, and the valuation placed on the budget, the total is \$24,032,540.00. I noticed Union County personal property down from \$4,425,652.00 in 1973 to \$3,681,956.00 in 1974. In respect to 1974 estimated values, the reported increase as cited by the Department of Taxation would lead me to believe that this is likely to increase also.

Dear Warren,

In response to your request via the letter to the budget commission received from Mr. Kyer, I have the following information. The valuations for all the 1972 Intercounty Corporation in the Fairbanks Local School District should be available on your duplicate. The 1973 Intercounty valuations are due to be mailed out to the counties during the week of August 13, 1973. To discern whether or not the construction in progress for Rockwell International that Mr. Kyer mentioned has been returned this year, I suggest that you contact the Intercounty Personal Property Tax Division, since they hold the files on all Intercounty Corporations.

Select Sires Inc. has filed a 1973 Personal Property Tax Return. They made an error however. They filed in Franklin County where they have been filing for several years. Their location merely changed in 1972, thus no new taxpayer return would be due from them for 1972. Almost all of their operation is listed as agriculture and declared by them as exempt from personal property taxation. The Department of Taxation is in process of building an investigation of Select Sires in an attempt to reclassify much of that which is currently listed as agricultural. To start the investigation on even ground it would be appreciated if you would accept the 1973 Personal Property Tax Return of Select Sires Inc. as timely filed in Union County under an extension granted by Franklin County.

According to your placement of Select Sires Inc. mentioned in our telephone conversation of August 13, 1973, in Jerome Twp.-Washington LSD/Franklin Co., Mr. Kyer of the Fairbanks Local Schools will not receive any millage from this firm. All applicable school millages will be distributed by you to Washington Local School District in Franklin County.

If you have any questions concerning the above matters do not hesitate to contact me.

Yours Truly,

A handwritten signature in cursive script, appearing to read "Leonard A. Carlson".

Leonard A. Carlson - Supervisor

The Board of Education would appreciate your comments in order that we can rework our budget before we meet with you for the 1974 budget hearing. This, of course, will have some bearing as to our anticipated beginning balance, if any, on January 1, 1974.

Thank you for your cooperation in this important matter to our school district.

Very truly yours,

Galen S. Kyre

Held August 30th & 31st 19 73

Union County Budget Commission held their meeting in the Commissioner's room August 30th & 31st for the purpose of hearings on the Township & School & City & Village Budgets.

Allen Township was the first township to be called and they were represented by the Clerk-Treasurer and two of the Trustees.

In order to bolster their revenue it was suggested that they keep their funds on savings. That they should have at least \$10,000. in certificates. Also, house trailers were discussed and the Auditor suggested that he would send a slip to be mailed in once a month.

The Trustees seemed to be satisfied with the progress they were making and said they were using revenue sharing monies for their township house .

Claibourne Township was the next to appear and they were represented by the Clerk-Treasurer and three trustees.

They were informed that their allotment of gasoline monies would be \$14,200 for this year. We also asked them to keep more of their funds on interest in order to help their general fund.

The question of emergency ambulance service was discussed as well as their disposal of the revenue sharing monies. They are using for cemetery. Their financial condition was not considered in a bad way at all.

Darby Township was the next on the list but they did not appear for their hearing. I found out later that their clerk-treasurer had been on vacation and the Trustees therefore were not informed of the meeting.

Dover Township appeared on time with the Clerk-Treasurer and two trustees being present for the meeting.

The proposed budget showed the Gasoline fund depleted and a drop of \$4000 in their general fund.

They were asked to watch their idle funds and keep them on interest as a means of getting more revenue.

Mr. Lowe, the clerk-treasurer, said that they might get the Dover School for \$1.00 to use as a township house and for other community affairs.

The matter of trailers was discussed and it was suggested that the Auditor should make up a simple form for the clerk-treasurer to return once a month.

Jackson Township followed Dover Township and they were represented by the Clerk-Treasurer and the three Trustees.

They are renewing their operating levy.

Their revenue sharing monies were discussed and they are using their money for the cemetery. Their funds seem to be diminishing and we cautioned them to keep their monies on interest as close as they could.

They were asked to keep us posted on the house trailer placements in the township.

Jerome Township was the next to come before the budget commission and they were represented by two Trustees.

They are in good condition financially and seem to have no problems meeting their obligations.

The budget commission recommended a drop of .20 mil in their fire fund.

Leesburg Township followed Jerome Township with two Trustees in attendance. Their revenue sharing monies was discussed with admonition not to use any if Federal Matching Funds were to be used for the same expenditure.

The matter of zoning was discussed and they were advised to check with Mr. Jas. Page for guidelines.

House trailers were discussed.

They were also advised to keep as much of their funds on interest as possible.

Liberty Township followed with their Clerk-Treasurer and two Trustees in attendance.

All their funds were checked and they were asked to keep as much as possible of their funds in interest in order to bolster their General Fund.

They were also told to watch their expenditure of their Federal Revenue Sharing monies so that none would be in violation of the provision in re to matching Federal Money.

Their house trailers were also discussed and Mr. Smallwood said that Mr. Jas. Page told him not to report to the Auditor's Office but direct to him.

Paris Township came in next and they were represented by two Trustees. The matter of keeping their balances on interest was brought up again. The idea being to add as much as possible to their general fund. Their funds are all in excellent condition. It was talked of reducing their remaining 0.10 millage from the tax duplicate but since Marysville is in Paris Township I have been advised that this cannot be done.

Taylor Township followed with their clerk-treasurer and three Trustees in attendance. Their Revenue sharing money was discussed and they were advised not to use where there would be any chance of Federal matching money involved. They were also advised to keep as much of their money on interest as possible to help out in their general fund. Mr. Leibold was advised that they would be getting \$14,200. in gasoline money for this year. The matter of house trailers was discussed and the importance of reporting same to the Auditor's office was stressed.

Union Township was represented by their clerk-treasurer and one Trustee. The matter of keeping their funds on interest was discussed in order to bolster their general fund. House trailers were discussed. They informed us that they were going to use their Federal Revenue Sharing monies for a new Township House. The old (present) township house will be sold and a new one erected. They were told that apparently their gasoline monies would be \$14,200. for the year 1973.

Millcreek Township was represented by two Trustees. They were told (rather advised) to keep their funds on interest as much as possible. That their gasoline monies this year would probably be \$14,200. The Budget Commission advised that they should drop their millage 0.30. Millcreek Township because of their industrial development is becoming a township with good financial balances.

Washington Township did not appear for the budget hearing.

York Township came in next and was represented by the Clerk-treasurer Mrs. Belle Mathys and three trustees.

Zoning was discussed at length along with the matter of house trailers and the matter of estate tax. The trustees were told to keep their monies on interest as much as possible and the matter of the Revenue Sharing monies was discussed in order that they might not use any where Federal Matching Funds might be used.

Mr. Tucker Smith, Clerk-Treasurer came in next. We advised him to keep all inactive monies on interest until the need for disbursement, to help out his general fund account. The contracts with the various township for emergency ambulance service was discussed as well as the house trailer situation.

Mr. Paul Willeke, Finance Director, after discussing their finances, the Budget Commission suggested that we reduce their millage 2.00 mills outside the 10 mil limitation. Thus clearing the 5.00 mills charter granted.

Recessed for noon.

After noon recess the committee reconvened for continuance of the hearings.

Unionville Center was present and represented by Mr. Ronald W. Hilbert, Clerk-Treasurer. He was advised to watch his Federal Revenue Sharing monies so that none would ever be used where matching monies might be used.

They are so short of operating funds that there is no chance for them to have funds to put on interest.

So all we (the budget commission) can do is to compliment them for their ability to live within their means.

Mrs. Floyce Pfeifer, Clerk-Treasurer for Magnetic Springs came in for their hearing. The Matter of keeping funds at interest was discussed as well as trailer taxes and building permits.

These are all funds that will help out their general fund.

The matter of spending their Federal Revenue monies was talked about and they were cautioned to be careful that no matching funds would ever cover the same expense.

Marysville Board of Education was represented by Mrs. Wanda Kunce, Clerk and Leroy Williams, Superintendent.

After some discussion it was decided to reduce the bond millage by 1.40 mills.

The Fairbanks Board of Education followed with Mrs. Barbara Dimond, Clerk - Mr. Galen Kire, Executive Head and one Member of the Board and the President. Fairbanks asked that they be allowed to ask the voters to approve a mill for improvements to buildings.

Rose Mary Brill, Clerk for Milford Center came in for them as the last of the first round of budget hearings closed.

Trailers and taxes were talked about and she was advised to keep their funds on interest as much as possible.

She agreed to get us a list of the trailers in Milford Center.

Mr. Gary McKinley then brought up the question of the real estate taxes for Flying Machines. The question that was raised was by Flying Machines as to whether or not they should be paying real estate taxes on the hangers on the County owned airport.

According to the lease which was written up to run 20 years on the buildings, all insurance, upkeep and maintenance was to be paid by Flying Machines, Inc. At the expiration of the twenty years, the buildings revert to the county. Flying Machines had paid the first half 1972 real estate taxes but had not paid the second half.

Held in County Commissioners Room August 15th 1974

At a special meeting of the Union County Budget Commission, called for the North Union School .
 In attendance were Mrs. Kathryn Clevenger, Gary McKinley and Warren G. Sutton. North Union School was represented by Dr. Coulter, Phyllis Meddles and J. Conrad. Their budget was discussed at length and accepted as presented.
 No further business at this session --- Meeting adjourned until Aug. 22nd, 1974.

BUDGET COMMISSION MEETING FOR AUGUST 22ND, 1974.

Meetings were scheduled for each 15 minutes of the day starting with the Union County Board of Health.

Dr. May was present and the Budget Commission and he discussed the revenue that would be generated by the tax duplicate and it was felt that the Board of Health would be able to operate within their revenue.

Allen Township was the first township summoned and they appeared with Wendell Smith, Joe Wells, J. W. Caryl and Earl Blake in attendance. They questioned using \$500. of Revenue Sharing Monies in their Fire Fund which the Commission approved. Claibourne Township came in next with John Wiley, Russell Roberts, Paul Houk and Fred Allgower present.

They asked that they might be allowed to use Revenue Sharing Money for the cemetery and they pondered looking for a suitable building that could make them an office and meeting room. We all wished Fred Allgower well in his move to Arizona.

Darby Township was represented by Emerson Boerger and Ralph Burns. Their big question was FIRE PROTECTION. They are going to check with Marysville for rates since Plain City has doubled its rates.

Dover Township was represented by Lloyd McDowell, Wallace Snyder and Paul E Low. The question of using the New Dover School Building for a Township Hall was again brought up. They felt that they might start October 1st. This would give them a date to begin mowing the grass and fixing up the yard for a park and picnic grounds. Insurance etc. is going to be looked into.

Jackson Township was represented by Clyde Carter, Clarence Gulliford, Charles Sivey and Robert Harrison. Gary McKinley was asked to write a resolution for Fire Protection of 1.0 mil - .04 for renewal and .06 increase. It was felt that this would give them enough revenue for the present.

Jerome Township was represented by Jack Mercer, Leland Bishop and Paul Davis. Their concern was also with their Fire Protection. Plain City has increased their charge to them almost threefold. Therefore, they are going to ask for a 2.00 mil fire levy in November.

Leesburg Township - Merle Robinson - Bernard Cunningham - Russell E. Lowe and Lowell Fitzpatrick. This is the last year for the Fire Truck payment as they felt that their Fire Fund would be okay after this year.

Liberty Township - George Eirich and Emmit Rogers - They were concerned because their Clerk EUGENE SMALLWOOD does not bring the necessary items to their meetings and it makes it hard for them to hold good meetings.

Millcreek Township - Carl Blumenschein - Lawrence Liggett - Merle Neill - Their budget seems to be in good shape with ample income for their needs. They, too, think that they should have better relations with their Clerk. The last before noon was Paris Township - Louis Lee was their representative. The drop in their balance in the General Fund was questioned with no answer from Mr. Lee.

After lunch Taylor came in with Wm. Leibold - Willard Willson and R. Gould in attendance. The question of the Ohio Power valuations was discussed. Don Knox has put a trailer near Everett Humble. Check millage for next year.

Union Township came in for their hearing with Libbie Johnson, Paul Boerger and Oscar Scheiderer in attendance. Their only worry is the passage of a renewal of the 1.00 mill fire levy.

Washington Township was represented by Mrs. Echo Baker, Don Clapsaddle, James Wiley and Milburn Baker. Their financial condition is in excellent shape.

York Township - Mrs. Belle Mathys - Ralph McMahan - Donald Goodwin - Guy Green were in attendance. They are in good shape and anticipating no levies.

Held IN THE COMMISSIONERS ROOM IN THE UNION COUNTY COURTHOUSE 9/12 1975

The Union County Budget Commission resumed its hearings for 1975 with representatives from the Richwood Library Board, Plain City Library Board and the Marysville Library Board in attendance.

It was announced at the beginning that the meeting had been called for the purpose of arriving at percentages (based on need) for the next year.

In 1974 they had been	Marysville 58%	For 1975 they will be	56%
	Plain City 17%		17%
	Richwood 25%		27%

It was recognized that all expenses are rising but without too much problem the above percentages were arrived at and agreed upon.

To the best of my knowledge the 1975 budget hearings have been held and the above minutes are essentially correct.

Held Marysville and Delaware, Ohio January 16 1976

The Union County Prosecutor, Treasurer and Auditor met January 16, 1976 and organized for the year 1976.
 Mr. Gary Mckinley, Prosecutor was appointed chairman and Warren Sutton, Auditor was appointed secretary for the year.
 The purpose of the meeting was to meet with the Auditor and Budget Commission for Delaware County.
 The question was the North Union School District that runs into Delaware County. The two townships in question are Scioto and Thompson.
 Several landowners from this district have visited the Union County Auditor inre to their real estate taxes.
 The increased valuation in the North Union School District due to the sexannual reappraisal is \$552,420.00.
 This would mean a windfall of \$17, 898.40.
 Since this is approximately 1/40 of the North Union Real Estate Valuation it was not felt that anything could be accomplished in millage reduction.
 The matter of the tax payers applying for agricultural taxation values was discussed and it was the opinion of the budget commission that this was a decision that the individuals would have to make.
 Auditor David Thomas said that he had reduced the millage in Scioto by 4.50 mills and in Thompson by 2.70 mills.

At 1:30 the Darby Township trustees were present. They were represented by two trustees Mr. Boedger and Mr. Burns. Their budget figures for the year were given to them showing the revenue that they might expect. Then the matter of keeping their funds deposited so that they might earn interest on their idle funds and help with their general fund. The matter of a township house was talked over, also.

At 1:45 Dover township was present with two trustees in attendance. Their funds for the coming year were discussed and also the matter of their township house ~~wana~~ was discussed. They are in good shape.

At 2:15 the three trustees from Jerome township were present and they are in excellent shape financially. Mr. Jack Mercer, Mr. Leland Bishop and Mr. Paul Davis were in attendance. They have so much potential revenue that the matter will have to be looked at hard another year. Their main talking point against cutting their millage is the fact that they might be caught in a squeeze with their Fire Contract with Plain City. They are also working on a new HOME.

2:30 P. M. and Leesburg Township presented themselves with the three TRUSTEES and the CLERK in attendance. Their budget was gone over very thoroughly and they were advised to keep their funds on deposit in order that they might realize some interest for their general fund.

2:45 P. M. and the Liberty Township trustees and clerk were present. Mr. Eugene Smallwood and the three trustees were in attendance. They are in tight financial straits. The matter of fire contracts was discussed. Citing the need of revenue, it was suggested that the contracts should be increased. They also are in the township house remodelling business.

3:00 P. M. and Millcreek township represented by Mr. Howard Heidorn, clerk, and 3 trustees were present. This is another township that is going to have to be looked at real carefully. RECORD OF PROCEEDINGS

Minutes of

Union County Budget Commission

Meeting

COLUMBUS BLANK BOOK CO., COL., O.

Form No. 1097

Held in the Union County Commissioners Room August 19, 1976. 19

The morning session of the budget hearings was opened with Gary McKinley, and Mrs. Kathryn Clevenger and Warren G. Sutton acting as secretary in attendance. The first session at 9:00 A.M. was with Union Township. They were represented by Mr. Chas. Davisson and Mr. Paul Boerger. The matter of interest and keeping a closer watch on their cash flow was discussed. Their financial problem in their cemetery account is in trouble. The matter of pricing lots and the charges for opening and closing the graves was discussed.

At 9:15 Washington Township was present with Mrs. Echo Baker, Clerk and the three trustees in attendance. They are in good shape financially and do not anticipate any difficulties. The matter of house trailers was discussed and they were asked to keep the Auditor's Office informed of any TRAILERS that are placed in the township.

At 9:30 ~~MMMMMM~~ York township was present with Mrs. Belle Mathys and the three trustees in attendance. They do not anticipate any trouble financially and they were asked to keep a check on the house trailers in the township.

At 9:45 Mr. Tucker Smith Clerk-Treasurer for the village of Richwood, Ohio came in. The Matter of their Levies was discussed. Since there was an error last year in the levy that was voted for the village it is understood that there will be problems if the levy is not voted in in November at the election.

At 10:00 A. M. Mr. Ronald Hilbert Clerk-Treasurer for the village of Unionville Center came in for his hearing. They are in dire ~~MMMMMM~~ straits for finances. They just live from hand to mouth each and every year. Any help that the Budget Commission can give them will be appreciated.

At 10:15 Mrs. Carol Ann Verity was supposed to come in for their hearing (Magnetic Springs) but she did not show.

At 10:30 A.M. Mr. Paul Willeke, finance director, City Manager and the Asst. came in for Marysville. After some discussion, it was decided that we should drop 0.50 from the Bond Millage and restore the 0.50 to the I. S. Millage.

A new city ~~MMMM~~ building is in the formative stage. This was pointed out as the reason for millage on the inside. THERE WILL BE NO INCREASE IN TAXES.

At 11:45 Mrs. Rose Mary Brill, clerk-treasurer, for Milford Center, Ohio came in for her budget hearing. After looking over the bonded indebtedness, and noting that it had only five years to go, the first thought was to cut the millage by 0.50. But on some thought it was decided to leave it alone for at least one more year. Since it seems, that for the last five years the indebtedness must be reduced at least \$2000.00 per year plus interest.

At 11:00 Fairbanks S.D. came for their hearing at after looking over the bond situation, it was decided that in all probability we could drop the millage from ~~MMMMMM~~ 0.95 to 0.60. In other words we would cut the millage 0.35 mills.

At 11:30 North Union S. D. came in for their hearing. Their bond millage is okay for the next year. They are in trouble if their levy is voted down in November. They are asking the voters to approve a tax levy of 9.80 mills for one year for operating purposes only.

They cannot wait the year necessary for the new appraisal to come out that will be collected in 1978.

At 1:30 Mr. Leroy Willaams came into the hearing room. After some discussion it was decided to reduce the bond millage to 4.40 mills a cut of 0.80 mills.

At 2:00 Dr. May from the Health Department came for a look at his budget. The Budget Commission accepted his ~~budget~~ budget as it seemed to be in order. This then concluded the budget hearings for the time being as we will continue later with the libraries and the County.

Held December 21, 1976

A called meeting of the Union County Budget Commission was held December 21, 1976.

Mr. Gary McKinley, M/s Kathryn Clevenger and Warren G. Sutton were in attendance. The Meeting was called to work on the Library Budgets.

In the year of 1976 the ~~MMMMMM~~ following percentages were used.

Marysville 56% - Richwood 27% and Plain City 17%.

Mrs. McDaniel representing the Richwood Library asked that from this time on that the library at Richwood be referred to as the Richwood-North Union Library.

Richwood outlined the need for a full time employee as librarian. They are now open 43 hours per week in the winter months.

Marysville questioned the percentages for the year 1977. Asking whether or not Plain City was still in the building program.

Gary McKinley contacted M/s Welker, Secretary-Treasurer at Plain City and was advised that they were in the process of purchasing a lot for a new library. Asked whether or not this had been done, he was advised that it would happen in the next six months.

In view of this information, the Budget Commission said that they would set the percentages at the same figure as last year.

For 1977 then the percentages would be:	Marysville Library	56%
	Richwood-North Union	27%
	Plain City	17%

Mr. McKinley was further advised that Plain City had received \$37,000 from Madison County for 1976 but would only receive \$28,000 for the year 1977.

In the event that the building program in Plain City is not started in the next six months, the Budget Commission would revise percentages for the coming year.

The secretary was advised that the three libraries should be written and told of our decision.

At 1:15 P. M. Washington Township was present and Mrs. Echo Baker and the three Trustees were present. Anti-recession was discussed and it was pointed out that it was necessary to keep these funds in a separate fund. Preferable account #14 in this year's Form No. 3003. They talked of a fire levy but since the reappraisal was going to produce some new money in the General Fund it was decided to defer at least for one year the presenting of a Fire Levy.

At 1:30 P. M. the final Township was scheduled for hearing. York Twp; Mrs. Belle Mathys, Clerk-Treasurer and Guy Greene and Mr/ McMahon were in attendance. Anti-recession and the renewal of an existing levy were discussed. The importance of using the anti-recession funds correctly and the keeping of proper records were pointed out. At 1:45 the village of Richwood was scheduled but they did not show. Dr. May was in waiting and we discussed his budget. We recommended that he hold the line with pay raises in line with the county schedule. This he did not like too much claiming that he had to keep his nurses in line with the Hospital.

At 2:00 Mrs. Tucker, the Secretary-Treasurer of Magnetic Springs came in for her budget hearing. Financially they are operating effeciently and were sold told. We discussed the anti-recession monies and we attempted to point out the things that she should do. Keeping separate records and watching what her expenditures were for.

At 2:15 Marysville was due for a hearing but they didn't show.

At 2:30 Unionville Center was due also and they did not show.

At 2:45 Mrs. Brill the secretary-treasurer of Milford Center presented herself for their hearing. Since they had no particular problems after discussing the anti-recession monies she departed.

At 3:00 P. M. Galea Kyre and Mrs. Gruenbaum from the Fairbanks S.B. were present and we discussed Penn Central and the revaluation. Since I ~~did~~ did not have their budgets finished at this time, they were told that I would issue an amended certificate for the new values as soon as they were available. It was agreed that if possible we could reduce the bond millage by 0.30.

At 3:15 North Union School District came in for their hearing. It was agreed that North Union School would have to operate a tight belt for the next several years.

The three Trustees along with the Clerk Treasurer from Claibourne Township were present. Their cemetery funds were discussed and they were advised that they could transfer from the general fund to the cemetery fund but that funds could not be transferred from the Cemetery Fund to the general fund. They were also warned about how they could spend their Anti-Recession funds.

Dover Township was the next group invited to appear.

They were represented by two trustees and the Clerk-Treasurer.

Their township house was discussed as they have arranged for the old building to be razed after which they expect to erect a new Township-house. Their anti-recession funds were discussed and they talked of paying for the mowing of road-sides as one possible allowable expense.

Darby Township was the next one to appear.

They were represented by Ralph Boerger and Emerson Boerger.

Anti-recession monies were explained - allowable expense - non-allowable expense were explained. Also, the EMERGENCY contract was mentioned. The Trustees were asked to attend a meeting that was to be held on Thursday evening at 7:30 in the Paris Township hall for the purpose of discussing the advisability of charging for the runs.

Leesburg was the next Township scheduled for appearance.

11:15 Am and Paris Township appeared represented by L. Wilson-L Strueing and J. Ruprecht. Anti-recession funds were discussed allowable and non-allowable expenditures. It was pointed out that they were losing a lot of interest revenue by not watching their funds and keeping them invested.

11:30 Taylor Township were represented by Wm. Leibold - Mr. Steele and Mr. W. Willson. Since there was to be a meeting of the townships involved with the City of Marysville and their EMERGENCY charge for the next three years, the matter of reduction of 0.60 in the I.S. millage was talked over. It was agreed that if the townships were going to charge for these runs that this reduction would be done. The expenditure of Fire Funds and the Anti-recession were talked over and they were advised to be careful of their past practices.

Held Marysville in the Commissioner's room August 30 1978

The Union County Budget Commission was called into session with the following in attendance Auditor Elect Mrd. Eloise Dowell - Gary McKinley, Pros. atty, Mrs. Tomia Lowe, Treasurer and Warren G. Sutton, Auditor.

Mr. McKinley opened the meeting by announcing that the meeting was called for the purpose of examining the various budgets in the county.

The meeting opened at 8:45 A. M. and the first summoned was the County Health. Dr. May was present for the Board and the only question that he asked was ~~what~~ the mileage rate that was being allowed. He was told that mileage allowed is now 15¢ per mile.

Allen Township was the next on the list and they were represented by Mr. Joe Wells and Mr. J. W. Carlyl. They brought up the question of their ability to get by on the factored millage. After it was shown the monies that they would get from the I. S. Millage they felt that they would not be in too bad a straights. The millage mentioned above was for the fire equipment that they had purchased.

Claibourne Township came in at 9:15 A. M. Mr. John Bell, Mr. Duane Stilling and Mr. Paul Wiley attended for them. They were concerned with their levies. Their cemetery expenses were of a concern to them. We explained their increase in revenue brought about by the revaluation and the fact that the I. S. Millage was not factored should give them ample revenue. No levies for this year.

At 9:30 Dover township appeared before the board. They were represented by Mr. Lloyd McDowell and Mr. Paul Low. They informed us that their Township House Plans had been approved. It is to be built on the site of the school-house that had been razed in New Dover. At this time they said that they had ample funds and that no levies were planned.

Darby township came in at 9:45 A. M. and were represented by Mr. Ralph Burns and Mr. Emerson Boerger. A fire levy was discussed. It will be placed on the ballot for collection in 1979.

10:00 AM and Jackson was the next township to appear before the Budget Commission. Mr. Clyde Carter, Mr. Chas ~~MMMMMMMM~~ Sivey and Mr. Robert Harrison were in attendance. They do not anticipate placing any levies on the ballot for this year. The matter of interest on the Revenue Sharing Fund was discussed at length. They were advise^d to figure the interest on this account and place it in this fund.

Jerome Township came in at 10:15 and were represented by Mr. John Bishop, Mr. John Mercer and Mr. Paul Davis. We could not talk too much because they did not have their budgets ready for us. There had been a mistake in their voted millage because of the factor and the fact that we should have used last years appraisal values.

At 10:30 A. M. Leesburg Township came in and were represented by Mr. Russell Lowe, Mr. Gary Cunningham and Mr. Merle Robinson. They do not anticipate placing any levies on the ballot. They are concerned about their fire expense. We told them of the extra funds they would be receiving from the I. S. Millage and also how they could increase their interest if they would just keep their funds ~~on interest.~~ *invested.*

Emmit Rogers and Mr. Eldridge Thomas came in at 10:45. They talked of 0.20 mills for additional funds and they were shown that there had been an error in computing their revenue for this year and they agreed to wait until next year and see how their funds were holding up. We also talked of the post-office going into their building that might jeopardize their exempt status of their building.

Lawrence Liggett, Merle Neill, Robert Casper and Mr. Howard Heidorn presented themselves for the Millcreek Township hearing. They do not figure to place any levies on the ballot for the year. They show a good healthy balance in their accounts and do not anticipate any difficulty with their finances. They have a very nice tax base to operate with.

Paris Township came in at 11:15 A. M. to go over their budget. We, again, stressed the value of keeping their ^{funds} invested. They do not intend to place any levies on the ballot. They are in very good shape financially and probably will keep on in this condition. They were represented by their new Clerk-Treas. Mrs. Debbie Streng and Mr. Lowell Wilson.

Taylor Township was represented by Mr. Wm. Liebold, clerk-treasurer, Ronald Steele and Willard Willson. They felt that they could not get along with the 0.60 mills that we had given them the year before. After some discussion it was moved by Gary McKinley and seconded by Tomia Lowe to raise their I. S. by 0.30 to 0.90 mills I. S. On a Roll call vote Tomia voted Yes.

Gary McKinley Yes

Warren G. Sutton Yes.

The Trustees are to meet on September 1st to act on a resolution for their Cemetery Levy. They are going for a 0.50 Mill Levy on the November ballot.

At 1:00 P. M. the first Township present was Union. Mrs. Libby Johnson their Clerk-Treas, Paul Boerger and Oscar Scheiderer were in attendance. They announced that they were going to place a 1.0 Mill levy on the ballot for the Cemetery, this will be for 5 years. The interest on their fire house funds were also discussed.

Washington Township was next and were represented by Mrs. Echo Baker, Clerk-Treas, Lynn Jolliff and James Wiley. They do not anticipate placing any levies on the ballot for this year and seem to be getting along very well financially.

The last township is York and they were represented by their Clerk-Treasurer Mrs. Belle Mathys, Mr Donald Goodwin, Guy Green and Ted Kavanagh. Since they have a fairly sized balance in their General Fund it was decided that for this year we would take look at the loss in the Fire Fund for a year. It seems that they are losing about \$300.00 (Three hundred) in their Fire Fund.

At 1:45 P. M. Mr. Tucker Smith, Clerk-Treas for Richwood came in for his budget. He was given his budget for this year and informed us that they did not anticipate placing any levies on the ballot for this fall.

At 2:00 P. M. Mrs. Anne Tucker, Clerk-Treas. for Magnetic Springs presented herself and picked up her budget. Mrs. Tucker explained that they were having a rough time keeping their streets in repair.

At 2:15 Marysville was scheduled and Mr. Willeke, Paul and Roberts, Dick the City Manager presented themselves. They informed us that Council had approved a 2.00 mill levy but the Budget Commission could not see the reason behind this thinking. In view of the recall movement that had just passed and the troubles that the Auditor had gone through it was decided that if and when they (the City of Marysville) started any major buidling program then we (the Union County Budget Commission) could and would restore some of the millage that had been removed in the past. Council had promised no tax increase for this year. The Millage for the Bond Fund has to be refractured.

Unionville Center was the next village scheduled and Mr. Ronald Hilbert Clerk-Treasurer was present. Mr. Hilbert informed us that they were paying their lighting assessment out of the general fund. They are going to place a levy on the ballot for the 1979 tax collection year.

Mary Ann Brill the Clerk-Treasurer for Milford Center came in at 2:45 P.M. She picked up their copy of the budget and informed the Commission that they (Milford Center) had not particular financial problems.

Fairbanks S.D. came in for their hearing at 3:00 P. M. Mrs. Gruenbaum, Galen Myre and the President of the Board were inattendance. They do not anticipate putting any levies on the ballot for this year. They were wondering about the inter-county returns but at this time we could not give them any answers.

Next to appear before the Board was the North Union S. D. They were represented by Mr. John Kiger and Mrs. Phyllis Meddles. They are anticipating placing a levy on the ballot and they are also concerned about losses in the State Foundation Fund. The New Certificates for advances were talked about.

This concluded the hearings for August 30 and the Budget Commission retired to reconvene on August 31st, 1978.

At 9:30 AM the Board reconvened for the last of the Budgets except for the libraries. Mr. McKinley, Mrs. Lowe and Warren Sutton were in attendance. Mrs. Eloise Dowell (Auditor elect) was also in attendance.

The Marysville Exempted Village School were the first in attendance. Mrs. Wanda Kunce and Leroy Williams were present. They picked up their budgets for 1979 and also stated that they were going to place a 7.8 operating Levy on the November ballot.

Mr. Ernest Bumgarner was present for the County Commissioners. They were given a very rough estimate of funds for the county operation for 1979.

John Mercer Paul A Davis

On or about January 9th, 1979 the Auditor had received a letter from the Jerome Township Trustees about a hearing on their Fire Levy. This letter had been answered and the meeting had been set for January 16, 1979 at 10:00 A. M.

The Trustees wanted the Budget Commission to restore 0.50 mills of their I. S. Millage and that this would be transferred from the General Fund to the Fire Fund.

Mr. McKinley explained how they had voted for 2.00 mills for the Fire Expense but that it had been factored back to 1.40 mills in Columbus. This was placing a hardship on the Trustees.

But after it was brought out that the 0.50 mills had to be placed on the entire township and Plain City, Mr. Mercer asked that it be dismissed at this time.

Being no further business to be brought up at this time, it was moved by Mr. Gary McKinley to adjourn the meeting and it was seconded by Mrs. Tomia Lowe.
