Marysville E.V.S.D. - The Budget seemed to be in order. Plans are being made for the improvement shown in the Capital Out-lay. The request for Bond Fund is \$254,593.75. The millage is to be calculated to being in this amount.

Fairbanks - Revenue in General Fund reflects the passage of a 8.0 mill Emergency Levy, in November, 1983. The School Foundation should show \$360,416 for 1984. Changes due to no decrease in the 1983 Personal Property Tax Revenus.

Increase receipts (lint 14) General Fund by \$25,000. Reimbursement on purchasing new buses was not shown.

Bond Retirement Fund expenditures incorrect, due to anticipation of borrowing form the State Fund. Request Bond Rate be set at 4.0 mills for 1984, If the Emergency Levy passed apply 3.50 mill instead of the 4.0 milla.

North Union S.D. - The purchae of Buses should be shown on Lane 34. EVERYthing else seemed in order. They need approximately \$69,000. for Debt. Calculate the millage according.

LIBRARIES- (Marysville - North Union - Plain City)

Marysville request \$164,000 for General Fund. Building Fund shows depleted by end of 1984. Planning a addition to present building or purchasing of another building.

Allen Twp. No revenue was shown in the Federal Revenue Fund. Advised to show the amount amount that was received in 1983. Everything else seemed in order. No change in the rates.

Claibourne Twp. Budget seemed to be all right. Rates remain the same.

Dover Twp. Budget seemed in order except for the Lighting Assessment Expenditure increase. Clerk stated increase in an error. The increase is a single light and should have been shown in Federal Revenue Sharing Fund for 1984. Part of the increase in 1983 expenditures was due to the fact a 1982 charge was not received or paid until 1983.

Jackson Twp. Budget seemed in order. Rates remain the same as 1982.

Jerome Twp. The Trustees requested an increase of .30 mills inside for the General Fund. They have built a new Township House. Thus they need additional revenue. They also request 1.20 mill (inside) for a Road and Bridge Fund. Increase granted. All other rates remain the same.

Leesburg Twp. - Budget seems O.K. Rates to be the same. If they receive and Federal Grants they should be set up in a separate Fund.

Millcreek Twp. - Budget seemed in order. Rates remain the same.

Paris Twp. - Tax Revenue for 1983 and 1984 was low. Lighting Assessment Balance large. Trustee ask if they might decrease balance over a 4 year period. Budget commission thought that would be all right. Everything else seemed in order. Rates remain the same.

Taylor Twp.- Permissive Tax is State Intangible Tax. It should be Local Government. Everything else seemed in order. Rates remain the same.

Union Twp. - Gasoline Tax should be at least \$22,000. Need revenue for the Bond Retirement in 1984 is \$13,200. Calculate millage according. Rates remain the same.

Washing Twp. Local Government Fund seemed a little high. Everything else seemed in order. Rates remain the same.

York Twp.- Everything seem O.K. Rates remain the same.

City of Marysville. - Cemetery Fund did not reflect any interest for 1984. Endowment Account should be apparently the same for 1984 as 1983. Bond Retirement should show approximately \$10,000. interest received in 1984. Leave Debt Millage at .93 mills unless increase in valuation due to reappraisal brings in over \$25,000 new revenue.

The Union County Budget Commission met with the Plain City Public Library Treasurer and Board.

All members of the Commission were present. Mrs. Cary, Mrs. Thompson, Mrs. George, Mr. Thomas, Mr. Barry, Mr. Ett, Mrs. Wilson and Mrs. Pearson were present representing the Library Board.

Mrs. Pearson stated they wanted to build a better library. They want to purchase the building and lot next to the library, if it would ever be for sale. This would give them parking space. They requested a fairer distribution of the 1985 Intangible Tax. She also request the Budget Commission increase the estimated amount for 1985 Intangible Collection which was \$240,000. The Budget Commission stated that the \$240,000. was the amount they felt should be used. The same percentages will be applied to extra revenue for distribution.

Mrs. Pearson said their General Fund was short of funds due to a transfer of \$20,000 from the General Fund to Building Fund, in January. This was done after they had received the Budget Certificate stating what their Budget Commission was going to allow them in 1985. They stated they have the need for new books.

Mrs. Pearson request the Budget Commission leave the room so they might discuss the situation. The Commission was out of the room for about 10 minutes. When the Budget Commission returned, Mrs. Pearson stated that they were going to appeal if the Budget Commission did not make a change in their Intangible Tax Revenue for 1985. The need \$32,500 from Union County which is an increase of \$18,500 over the \$14,000.

The meeting was adjourned, with the Plain City Library

The Budget Commission to review the budget of the Libraries. In reviewing the request and the 11 months actual and 1 months estimates revenue and expenditures the following was discovered. The following was discoveres per phone conversation with Becky Pearson that she failed to include a trans-fer of \$20,000 from General Fund to Building Fund. The \$68,657 balance plus revenue of \$52,688 less the expenditures of \$70,489 plus \$20,000 plys \$11,922=\$102,411 which gives them a balance of approximately \$19,000. They are to receive \$36,000 General Fund money plus \$11,213 excess share from Madsion County. There estimated expenditures for 1986 is \$95,500 \$40,000. more would be enought to take care of their request.

Richwood Showed a balance of \$31,569. There request for 1986 is \$121,975.,. thus they need approximately \$90,000 revenue to meet their request. The board. thought they might need a little for building repairs, so they were going to grant at least \$100,000.

Marysville Libryar Their estimated balance is \$37,354. The 1986 expenditures are \$240,000. This includes expenses for a new building . The board thought they would need approximately \$190,000 more revenue.

The guaranteed amount for the county is \$331,124.40. The excess is \$36,709.20. The Budget Commission decided to use the Total of \$350,000 for the estimated revenue for the libraries.

Based on the above the following percentages were established.

- Plain City is to receive 12.1 % of total received (\$42,350)
- Richwood is to receive 30.3% of total received (106,050)
- Marysville is to recieve 57.6% of total received (201,600)

The Union County Budget Commission met December 23 1986 to review the budgets of the 3 libraries. Allowing for a 10% increase in expenditure over the 1986 and taking in consideration the carry over balances, It was decided that the following is the needs leaving a 0 balance and the end of 1987.

Marysville Public Library	\$140,000.	
Richwood Public Library	102,000	
Plain City Public Library	41,000	(Their total was \$92,000 of which Madison allocated App. \$51,000)
Total	\$283,000.	

The estimated amount of revenue certified by the State Department of Taxation for 1987 is approximately \$363,000. This leaves \$80,000 over the \$283,000.

Larry moved that we allow Marysville Public Library \$140,000 plus \$40,000=\$180,000 49.6%
 Plain City Public Library 41,000 plus \$20,000=\$61,000 16.8%
 Richwood Public Library 102,000 plus \$20,000=\$122,000 33.6%

The Board of Revision met with Don Mitchell on June 20, 1994 due to the fact he would not be able to attend the scheduled hearing which was June 21, 1994. The board review his complaint on parcel 14-0005 003.000. The parcel was on the renewal card which was timely filed with the auditor, however when an on site review was made, it appeared that it was a Golf Course. Mr. Mitchell stated that it was to be sold as a Golf Course and that there is only one hole. The plan fell through. The land was farmed in 1993 and 1994. He requested that the land be tax based on CAUV and recoupment be remitted.

Eloise Dowell moved that the CAUV be allowed for 1994 and recoupment charges be remitted, since the error was on the Auditor's Office and that CAUV be allowed for 1994. Glenn Irwin seconded the motion. Vote Eloise Dowell, Yea- Glenn Irwin yea- Tamara Lowe, Yea.

Meeting adjourned.
